***Reason for Allowance***

Claims 2-18 and 21 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. Althaus et al. (US 6422766).

Claim 6 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious wherein the encapsulation material forms an integrated lens on the side facing the coupling area in combination with the rest of the limitations of the base claim. Claims 7, 12 and 21 are allowable by virtue of dependence.

Claim 13 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious wherein the main circuit board is used as a heat sink for the submount and/or for the electrical drive and/or receiving circuit which is arranged on the submount, with the submount having plated holes which are also used for heat conduction in combination with the rest of the limitations of the base claim. Claims 2-5, 8-11 and 13-18 are allowed by virtue of dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
